

# MOCKINGJAY

by: Suzanne Collins

Mockingjay is the final book of the Hunger Games trilogy. It's based after the third quarter quell, when the rebellion has just begun. Katniss and the other rebellion leaders spend the book trying to overthrow the Capitol with strategic war plans. Katniss has to go through tragedy, distrust, and confusion as she tries to undo 75 years of torture that the Capitol has done.

The Hunger Games trilogy has been one of my favorite book series for a long time, and Mockingjay is like the big finale for the series. This book contains darkness and heartache between its pages, and I love every word of it! Mockingjay is a break from the love-triangle theme of the previous books. I think this book is brilliantly written and perfectly describes the damage that starvation, oppression, and violence has done to the characters.

"That's when the first bomb hits. There's an initial sense of impact followed by an explosion that resonates in my innermost parts, the lining of my intestines, the marrow of my bones, the roots of my teeth. We're all going to die I think. My eyes turn upward, expecting to see giant cracks race
